School Description

School Description A.L. Conner Elementary School opened in 2004-05 and is located in Orange Cove. The school served 335 students in grades K-5 during the 2019-2020 school year and included a staff of 14 regular classroom teachers. A.L. Conner Elementary School teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. School Mission Statement At A. L. Conner Elementary School we will ensure high levels of learning for all students.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2020-21)

A district textbook adoption committee is established for the process of textbook adoption. Each school site or grade level is represented on each textbook adoption committee. At A. L. Conner there are sufficient textbooks and instructional materials for each of the core content areas. Each pupil, including English Learners, have access to district adopted texts, workbooks, or other supplemental instructional materials to use in class and to take home.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the KCUSD Business Office.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

A. L. Conner Elementary School has 23 classrooms, a multipurpose room, a library/media center, and an administration building. The main campus was built in 1962. Additional relocatable classrooms were constructed in 1992, 1998, 2000, and 2002. A modular administration building was constructed in 1992. A replacement classroom was installed Fall of 2008 for the demolished former band room. Most recently, solar panels have been installed in the field located on the east side of the campus.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Director of Maintenance, Custodial Supervisor, and the site principals work cooperatively with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-21)

Parent involvement and communication are essential to our school success. A.L. Conner Elementary School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities which will be adjusted during the COVID-19 pandemic.

There are numerous and varied opportunities for parent involvement. Under traditional school year conditions parents attend school functions, participate in parent-teacher conferences, volunteer in classrooms, chaperone field trips, attend parent visitation days like Muffins With Mom and Donuts With Dad, kindergarten preparedness workshops, and take part in After School programs involving student participation and parent education programs. We also offer Latino Family Literacy Project, which enables parents to receive training to help them make their children more successful socially, emotionally, and academically.

Parents may also serve on advisory committees and leadership teams held virtually as a result of the COVID-19 pandemic, including Parent Teacher Club (PTC), English Learners Advisory Committee (ELAC), and School Site Council (SSC) at the site level. Parents also serve on district committees as representatives of the school site including the District Advisory Committee (DAC) and the District English Language Acquisition Committee (DELAC). Parents of Migrant students are also invited to attend the District Migrant Parent Advisory Committee meetings.

Home and school communication is enhanced through regular newsletters, parent-teacher conferences, the student/parent handbook, the school website, school electronic message board, student report cards, pre-recorded phone messages, and other regular communication activities. Translation is regularly provided for written and in person communication.

In addition, a bilingual community aide and Family Connections Technician serve as the home-to-school liaison, assists in communicating with parents, translating written materials, building rapport with families, visiting families, assisting teachers in the classroom, and accompanying teachers on home visits.

Parents who would like more information on how to become involved may contact Principal Lee Martinez at (559) 305-7200.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan (School Year 2020-2021)

Safety of students and staff is a primary concern of A.L. Conner Elementary School. Before, during, and after school, responsibility for monitoring the campus is shared by instructional support staff and certificated staff. All visitors must sign in at the office and wear appropriate identification while on campus. The comprehensive school safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. Components of the plan include: child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and suspension and expulsion policies. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. The plan was last reviewed/updated and discussed with staff on 8/14/20 and 12/3/20 with SSC. An updated copy is available to the public at the school office. The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.0	0.0	
Expulsions	0.0	0.0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	42	42	42

Professional development at A.L. Conner Elementary School is designed to meet the individual needs of teachers as well as broader school concerns. Professional development may take the form of trainings, coaching, peer observation, or constructive self-reflection and are consistent with our school vision and goals. Principal, teachers, instructional aides, and other support personnel may take part in these activities.

During the 2018-2019 school year all certificated staff receive continued support in professional development in the areas of ELA and Math. All certificated staff participate in district wide professional development Write From the Beginning and Beyond Expository Text training. A teacher has been trained in English 3D as an intervention for English Learners. Two staff members have attended Science training provided by Fresno County Office of Education. During Summer Learning four teachers received one on one coaching on implementation of Achieve 3000. During the school year there has been half day professional development in strengthening good first instruction in Math. Planning time was given to teachers to determine how to best incorporate writing into the curriculum. Ongoing professional development occurred to implement the use of Language Routines provided by Kinsella and Associates. There were two modular trainings with 10 coaching days provided as a support for teachers. The district Math Instructional Coach provided professional development in the use of Number Talks.

During the 2019-2020 school year all certificated staff continue to receive support in developing expertise in best instructional practices. Developing proficient writers through use of Write From the Beginning and Beyond continues to remain a priority with an emphasis on mini-lessons. Each trimester teachers are provided release time to plan for the upcoming trimester using recent unassisted writing assessment results. Support of implementation of Language Routines continues with Kinsella and Associates. Two modular trainings with 10 coaching days has already been provided this school year with plans for another two modular trainings and 10 day coaching days. A Number Talks refresher has been provided to all certificated teachers through modeled lessons, co-teaching, and a book study. Five teachers have been supported with coaching of Achieve 3000 by the program's trainers. Teachers have co-planned, co-taught, and observed modeled lessons. Four teachers have participated in the Science curriculum adoption process. They have piloted different Science curriculum with the intent to provide feedback to stakeholders. KCUSD's Science Instructional Coach has supported the pilot through lesson studies. Three new teachers have been supported by the site and district Instructional Coaches through lesson planning, model lesson observation, feedback, and development of units of study.

During the 2020-2021 school year all certificated staff will continue to receive support in the development in a school wide writing initiative. Planning time and coaching by district Instructional Coaches is provided to support the use of Write From the Beginning and Beyond. Further development of Language Routines is supported by district Instructional Coaches and administration. Four new teachers have been supported with classroom management, curriculum planning, and assessment. Teachers are participating in yearlong professional development in the implementation of the new Science adoption, Amplify Science. At the beginning of the school year, teachers received professional development in the use of digital platforms to deliver virtual instruction.

Staff, grade level, and vertical team meetings also provide regular opportunities for professional collaboration, as do district data analysis and interpretation committee meetings. Teachers may also attend conferences and workshops. Buy-back and early release days provide time for quality professional development and building professional learning communities in English Language Arts and Math.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
